- BOD and UNC (HOA management) do not follow the bylaw and ignoring our homeowners requests
- No election of the board of directors for many years
- The president and the secretary have been in control since
- All that are illegal and violated the bylaw.
- Lack of accountability from the existing board of directors
- There is no democracy and “check-and-balance” in the organization
- New election and replace existing board would provide new direction, total transparency and HOPE.
- We will have better facilities, pool, Tennis Court and Club house owners families, relatives, and visitors who can enjoy without increasing HOA fees.
- We will have better maintenance plan for our community.
- **We want someone who cares about our community**
